Writing Instructions of Gravity (Jurnal Penelitian dan Pembelajaran Fisika)

The Gravity (Jurnal Penelitian dan Pembelajaran Fisika) publishes research manuscripts in the field of Physics and Physics Education. The editorial board of Gravity invites the teachers, lecturers, practitioners and researchers to donate their manuscripts.

a. Submitted of manuscripts

The submitted of manuscripts is the original manuscripts of physics research and physics education which have not been published in any journals either nationally or internationally or are not being proposed in other journals and are not the result of plagiarism by others as evidenced by the original statement of originality of works. The script is typed by Indonesian or English with Microsoft Word program, Times New Roman letter, 11 pts size, with 1.15 space in 2 columns, 3 cm edge distance across all edges. The formulas and equations are written by Microsoft Equation, and the manuscript is printed on 5-10 page on A4 paper. The manuscripts have to send by email: gravity@untirta.ac.id.

The manuscript is reviewed in blind review by two reviewers (bestari partners) who have been appointed in accordance with the field of expertise. The author of the article is given the opportunity to correct (revise) the manuscript on the basis of recommendations/suggestions from reviewers or editors. Certainty of loading or rejection of the manuscript will be notified in writing.

b. Writing Format

Systematics of article. Systematics writing of research article in the field of Physics and Physics Education consists of: Title; Author's Name and Institution; Abstract and Keywords; Introduction; Research Methods; Results and Discussion; Acknowledgement; and References.

The title should be short (consisting of 5-12 words if written in Indonesian and consists of 5-10 words if written in English), simple and informative (able to describe the subject matter). The title is printed by capital letters in the middle with a 16 pts letter size. Does not contain non-standard mathematical or abbreviated formulas.

The Author's name is listed without an academic degree, with the name of the institution of origin, and placed under the title of the article. The author should include a correspondence or e-mail address.

Introduction contains background, research context, literature review, and research objectives. The entire introductory section is presented in an integrated form in paragraphs, with a length of 15-20% of the total length of the article.

Methods of research design, data sources, data collection techniques, and data analysis were conducted by researchers, with a length of 10-15% of the total length of the article.

Results and Discussion contains a detailed description of all research results along with its analysis. The results can be completed with tables, graphs, drawings and / or charts. Discussion of meaningful results, answering research problems, integrating findings from research into existing collections of knowledge, composing new theories or modifying existing theories and benchmarking with theory and / or similar research results. The length of exposure results and discussion are 40-60% of the total length of the article.

Conclusion is the essence of the results of the discussion which contains research findings in the form of answers to research questions. In the conclusion section should also put forward the implications of research results for the development of science and technology.

Mention for whom and for what advice is addressed. The cover is presented in paragraph form, with a length of 10-15% of the total length of the article.

Acknowledgments are addressed to official institutions or individuals as funders or have contributed others in research. Acknowledgments supplemented with contract research letter number.

The Bibliography contains only the sources referred to in the manuscript. Referral sources used 80% of primary sources such as scientific journals or research reports and used library published last 8 years.

ACKNOWLEDGMENT

The Editorial Board of Gravity: Jurnal Ilmiah Penelitian dan Pembelajaran Fisika in this issue Vol.6, No.1, February 2020 expressed the gratitude to the reviewers for their time and active participation in the process of reading the feasibility of the submission to the editor.

The reviewers referred to are:

1. Assoc. Prof. Ricardo Avelar Sotomaior Karam, Ph.D. (Scopus ID: 53463788800), Department of Science Education, University of Copenhagen, Denmark
2. Prof. Dr. Makmur Sirait, M.Si. (Scopus ID: 57193121109), Department of Physics, Faculty of Mathematics and Natural Science, Universitas Negeri Medan [UNIMED], Indonesia
3. Drs. J. V. Djoko Wirjawan, Ph.D. (Scopus ID: 36663253100), Department of Physics Education, Faculty of Teacher Training and Education, Universitas Katolik Widya Mandala Surabaya, Indonesia
4. Dr. Iwan Sugihartono. (Scopus ID: 24468037000), Physical Society of Indonesia [PSI], Indonesia
5. Dr. Insih Wilujeng, M.Pd. (Scopus ID: 56613477100), Department of Science Education, Faculty of Mathematics and Natural Science, Universitas Negeri Yogyakarta [UNY], Indonesia
6. Dr. Achmad Samsudin, M.Pd. (Scopus ID: 57191537500), Department of Physics, Faculty of Mathematics and Natural Science, Universitas Pendidikan Indonesia [UPI], Indonesia
7. Dr. Firmanul Catur Wibowo, M.Pd. (Scopus ID: 57191545325), Department of Physics Educations, Faculty of Mathematics and Natural Science, Universitas Negeri Jakarta [UNJ], Indonesia
8. Dr. Pujianto, M.Pd. (Scopus ID: 57200101499), Department of Physics Education, Faculty of Mathematics and Natural Science, Universitas Negeri Yogyakarta [UNY], Indonesia
9. Prof. Dr. Yayat Ruhiat, M.Si. (Scopus ID: 57190942330), Department of Physics Education, Faculty of Teacher Training and Education, Universitas Sultan Ageng Tirtayasa [UNTIRTA], Indonesia
10. Yus Rama Denny M., Ph.D. (Scopus ID: 55262560100), Department of Physics Education, Faculty of Teacher Training and Education, Universitas Sultan Ageng Tirtayasa [UNTIRTA], Indonesia
11. Dina Rahmi Darman, M.Pd. (Scopus ID: 57191542932), Department of Physics Education, Faculty of Teacher Training and Education, Universitas Sultan Ageng Tirtayasa [UNTIRTA], Indonesia
12. Muhammad Nurtanto, M.Pd. (Scopus ID: 57205063285), Department of Vocational Education in Mechanical Engineering, Universitas Sultan Ageng Tirtayasa [UNTIRTA], Indonesia
