This article has been retracted. The authors have plagiarized part of a paper that had already appeared in MENDIDIK: Jurnal Kajian Pendidikan dan Pengajaran Vol. 8, No.1, 2022 in Indonesian Language and available online at <https://jm.ejournal.id/index.php/mendidik/article/view/204>. One of the conditions of submission of a paper for publication is that authors declare explicitly that their work is original and has not appeared in a publication elsewhere. Re-use of any data should be appropriately cited. As such this article represents a severe abuse of the scientificpublishing system. The scientific community takes a very strong view on this matter and apologies are offered to readers of the journal that this was not detected during the submission process.
