## Editorial Preface

Greetings,

The editorial board expresses deep gratitude to the authors who have submitted their articles to the Journal of Industrial Services (JISS) in this issue. In addition, we want to thank the editorial board and reviewers who have contributed to this edition.

The Journal of Industrial Services (JISS) vol. 9 no. 2 consists of 25 articles submitted by authors from 10 universities in Indonesia. It is an honor for us to have earned the trust of various writers.

The editorial board always strives to improve the quality of JISS. JISS is a journal accredited by Dikti with the rank of Sinta 4. Therefore, the editorial board is working to improve the JISS rating. We are also in the process of submitting proposals for ICI Copernicus and DOI. One of the efforts made by the editorial board is to add an editorial advisory board member from Waseda University, Prof. Shigeru Fujimura. We also increased the number of international reviewers (Dr. Wen Song and Fellek Getu Tadesse) to improve the quality of submitted articles.

The next edition of JISS will be published in April 2024. We always welcome constructive criticism and suggestions to improve the quality of JISS.

Sincerely,

Editorial Office
